FOR LONG AND STANLEY

T. B. Wall Endorsed for National Delegate.

Yesterday's convention was one of the best natured, most harmonious and enchanged in the country. It did goed work, did it quickly, had good specches in which were included a number of first-class tories, named good men its good spirit, and gave them good instructions. Point and conventions are bored with so many speeches and stories that so much resemble chestimuts that yesterday was a refreshing occasion.

I have been afflicted with pains in the back and hips, and bearing down pains ever since I become a woman. Last spring I senced using McElree's Wine of Cardui and Thedford's Black-Draught, and they have done the a wonderful amount of good, and I wish to recommend them to anyone, who suffers as I did.

For nearly a century, Wine of Cardui has been helping women to avoid pain and

suffering. This wonderful remedy has made a reputation for curing "female diseases", that no other medicine enjoys. Irregular and painful menstruation, leucorrhoea and falling of the womb, are the most frequent female disorders. Few women escape them. None but a woman knows what they are. The terrible dragging pains and oppressive mental torture are beyond description. But Miss Cremeans' experience shows you can avoid this suffering and misery by procuring a \$1.00 bottle of Wine of Cardui at your drug store and taking it as directed. Women will do well by keeping a bottle of Wine of Cardui on hand for immediate use when sick headaches; pains in the back, abdomen, arms and legs, and other troubles, coming from menstrual derangements, appear. In this way many hours of suffering may be thwarted and the visits of the family doctor frequently made unnecessary. Wine of Cardui should be given every girl at the age of puberty. It is used with great success during pregnancy and the "change of life", and after child-birth or miscarriage. Thedford's Black-Draught, its companion medicine, for the stomach, liver and kidneys, assimilates with Wine of Cardui perfectly.

Eddyville, Neb., May II, 1899. For the last two months I have had pain in my back and bowels, and got no relief until I used McElree's Wine of Cardui and Thedford's Black-Draught, and now I am up and doing my housework.
